

Second Hand Magic

Magic the Gathering

MTG or Magic

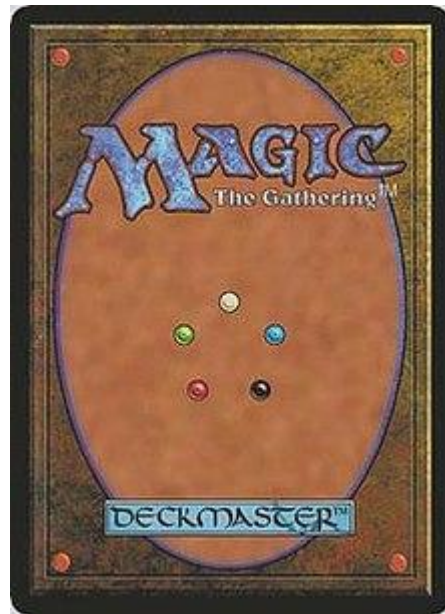

Magic the gathering is a trading card game

Created by Richard Garfield

Release in 1993

And published by Wizards of the Coast

Traditionally played between 2 people who've made their own deck -usually- from the current catalogue of available cards which are updated and expanded annually

Collecting:

A standard deck is 40+ cards

Magic is usually sold in 3 forms:

- Premade decks ~ \$30
- Booster Packs ~\$15
- Booster boxes ~+\$100

Booster boxes are large quantities of booster packs, but come in a stylised box and can come with manuals or 20 sided dice depending on the pack.

Premade decks have a preset full deck in the box and usually 2 booster packs, but the premade deck usually isn't too good.

Booster packs have 15 cards per pack that are all randomised.

The issue! you end up with a lot of cards
you can't or don't want to use:

I have more of
these boxes :(
